

# ALL NEW OPEL ASTRA /

Price and Specification Guide | Ireland | November 2022

[FIND OUT MORE](#)

O P E L

### Customer Notice:

Dear customer,

The enclosed Price and Equipment Guide reflects Irish pricing and specification in normal circumstances.

Please be advised however, Opel is impacted by temporary challenges in the global supply chain, including certain component shortages. Unfortunately, in the first instance, this means some customers may experience significant delays to delivery.

In the second instance, due to the present production challenges, some options for models across the Opel range are unavailable until further notice. Furthermore, Opel may temporarily offer vehicles with substituted equipment or features in place of standard equipment, or may suspend features temporarily.

These are measures taken to secure production of vehicles for customers.

As information becomes available from our manufacturer and working with our partners in the Opel Dealer Network in Ireland, Opel Ireland will endeavour to keep customers up to date regarding the order status and equipment featured on their new vehicles.

# CONTENTS

DISCOVER THE ALL-NEW OPEL ASTRA.

The all-new Opel Astra has got attitude. With its sharp, distinctive look, muscular style and striking new Opel Vizor front face design, the Astra is a car you'll want to drive. Brilliant handling, advanced driver assistance technology, hybrid, petrol and diesel powertrains... it's all here. The all-new Opel Astra. It speaks for itself.

E & OE November 2022. \*Fuel consumption figures are determined according to the WLTP test cycle. The fuel consumption you achieve under real life driving conditions and CO2 produced will depend upon a number of factors, including the accessories fitted after registration, variations in driving styles, weather conditions and vehicle load. Only compare fuel consumption and CO2 with other vehicles tested using the same technical procedures. For more information contact your local Opel Dealer. All diesel models feature BlueInjection. Vehicles with BlueInjection technology will need regular AdBlue® top-ups also between servicing requirements. An indicator integrated into the on-board computer will warn you when you need to top up. More information see [www.opel.ie/adblue](http://www.opel.ie/adblue). In accordance with regulations R (EC) No. 715/2007 and R (EC) No. 692/2008 (in the versions respectively applicable).
