## WHEELCHAIR CONVERSION BASED ON THE OPEL VIVARO

The Opel Vivaro is the perfect basis for a flexible wheelchair conversion by Focaccia. The concept enables up to three wheelchairs to be carried. It also enables several passengers or carers to be carried with maximum security and comfort. A major benefit is that the Vivaro can be fitted with the Fiorella Slim Fit lift system on either the side or rear doors. Developed by Focaccia Group this system can hoist up to 360 kg and can be combined with the F-Twister swivel baseplate. This eases the wheelchair tie-down and enables easy loading and unloading of wheelchairs, luggage, equipment etc.

f = 4 → 9 | ♿ = 1 → 3

## OTHER ADVANTAGES INCLUDE

- Flexible configuration delivers space for bulky electric wheelchairs and scooters
- Compact and intuitive, the Fiorella lift allows a safe and easy access to the vehicle to the person in wheelchair
- Up to 3 wheelchairs can be carried (LWB)
- The seating layout can be adjusted according to the transport needs, thanks to the system based on track-mounted removable seats with 3-point belt

## OPEL CERTIFIED CONVERSIONS

The aim of the Opel certified conversions program is to select the best products at European level and offer them to our Opel customer.

Key advantages for customer:

- Opel Engineering technical check on product
- Minimum two years warranty
- Liability insurance for all damages caused by a defect of the conversion
- 12 years conversion spare part availability

## COMPANY HIGHLIGHTS AND CONTACTS
