FOCACCIA WHEELCHAIR CONVERSION

WHEELCHAIR CONVERSION BASED ON THE OPEL MOVANO

The Opel Movano provides the perfect combination of space and comfort for a wheelchair conversion by Focaccia. The concept enables up to three wheelchairs to be carried. Also electric or other larger wheelchairs can be accommodated. It also enables several passengers or carers to be carried with maximum security and comfort. A major benefit is that the Movano can be fitted with the Fiorella Slim Fit lift system on either the side or rear doors. Developed by Focaccia Group this system can hoist up to 360 kg and can be combined with the F-Twister swivel baseplate. It has standard wireless remote control (wired remote optional). This eases the wheelchair tie-down and enables easy loading and unloading of wheelchairs, luggage, equipment etc.

Other advantages include

- Conversion is purpose designed for intensive use
- Fiorella Slim Fit lift tested up to maintenance-free 15.000 cycles
- Also available with double arm lift
- Flexible configuration delivers space for bulky electric wheelchairs or scooters
- Up to 3 wheelchairs can be carried (LWB)
- Track-mounted removable seats with 3-point belt enable to adjust the seating layout according to the transport needs
- Automatic retractable side step option

♿ = 6 → 9 | ♿ = 1 → 3

OPEL CERTIFIED CONVERSIONS

The aim of the Opel certified conversions program is to select the best products at European level and offer them to our Opel customer.

Key advantages for customer:

- Opel Engineering technical check on product
