Customer Notice:

Dear customer,

The enclosed Price and Equipment Guide reflects Irish pricing and specification in normal circumstances.

Please be advised however, Opel is impacted by temporary challenges in the global supply chain, including certain component shortages. Unfortunately, in the first instance, this means some customers may experience significant delays to delivery.

In the second instance, due to the present production challenges, some options for models across the Opel range are unavailable until further notice. Furthermore, Opel may temporarily offer vehicles with substituted equipment or features in place of standard equipment, or may suspend features temporarily.

These are measures taken to secure production of vehicles for customers.

As information becomes available from our manufacturer and working with our partners in the Opel Dealer Network in Ireland, Opel Ireland will endeavour to keep customers up to date regarding the order status and equipment featured on their new vehicles.
